Craiova, Romania (Home)

● ABOUT MYSELF

Here is my personal Portofolio Website: <https://mmportofolio.netlify.app/>

● CERTIFICATIONS

30/11/2025 Microsoft
Career Essentials in Cybersecurity

30/11/2025 Microsoft
Microsoft Security Essentials

31/12/2025 Canonical
Ubuntu Linux

30/11/2025 Microsoft
Azure AI Essentials

30/11/2025 National Association of State Boards of Accountancy & Project Management Institute
Cybersecurity Foundations

30/11/2025 ISC2
CC Certified in Cybersecurity Course

31/07/2021 Cambridge
B1 Preliminary (PET)

● EDUCATION & TRAINING

2022 - Current - CRAIOVA, ROMANIA
CALCULATORS IN ENGLISH- FACULTY OF COMPUTER, AUTOMATION AND ELECTRONICS

Field(s) of study:Computer Engineering

2018 - 2022 - CRAIOVA, ROMANIA
MATHEMATICS AND COMPUTER SCIENCE IN ENGLISH- COLEGIUL NATIONAL "CAROL I"

● WORK EXPERIENCE

12/2023 - 07/2024 - CRAIOVA, ROMANIA

WEB DEVELOPER REMOTE LEARNING NAGARRO

Key Responsibilities / Activities:

- Built web applications using HTML, CSS, JavaScript, and frameworks.
- Participated in coding assignments and practical projects.
- Learned best practices in software development, debugging, and version control.
- Collaborated remotely with peers and mentors to deliver project tasks.
- Applied responsive design, performance optimization, and clean coding principles.

Skills:

- Frontend development: HTML, CSS, JavaScript, Angular.
- Basic backend knowledge and database integration.
- Problem-solving, debugging, and code optimization.
- Remote collaboration and project management tools like Git.
- Understanding of software development lifecycle and best practices.

2023 - 2025 - REMOTE, ROMANIA

FREELANCE WEB DEVELOPER

Key Responsibilities:

- Develop and maintain websites using HTML, CSS, JavaScript, and relevant frameworks.
- Collaborate with clients to gather requirements and provide technical solutions.
- Implement responsive and user-friendly designs across devices.
- Optimize websites for performance, accessibility, and SEO.
- Troubleshoot and debug web applications to ensure functionality.

Skills:

- Proficiency in HTML, CSS, JavaScript, and frontend frameworks (e.g., Angular, React).
- Basic backend development knowledge and database management (SQL, Firebase, etc.).
- Responsive design and cross-browser compatibility.
- Problem-solving, debugging, and code optimization.
- Communication and client management skills.

06/2025 - 09/2025 - PIELEȘTI, ROMANIA

JUNIOR PROJECT MANAGER QFORT

Key Responsibilities:

- Support project planning and implementation activities.
- Monitor project progress and report on performance.
- Coordinate communication between departments.
- Prepare documentation and assist in process optimization.
- Identify risks and propose solutions under supervision.

Skills & Requirements:

- Strong organizational and communication skills.
- Basic understanding of project management principles.
- Proficiency in Microsoft Office and project management tools.
- Team player with attention to detail and willingness to learn.

03/2026 - CURRENT - REMOTE, ROMANIA

AI CYBERSECURITY ANALYST (BETA TESTER) ASKEAL

Key Responsibilities:

- Support AI integration and implementation activities within cybersecurity operations (SecOps), focusing on automating threat detection and triage.

- Monitor AI model performance in threat detection and report on accuracy, identifying false positive rates in complex log environments (IIS, Apache, Windows Event Logs).
- Coordinate feedback communication between the security tester community and the product development team to optimize the LLM's technical reasoning.
- Prepare technical documentation for incident response playbooks and assist in process optimization (MTTR reduction) using AI-generated insights.
- Identify security risks and propose mitigation solutions, including the de-obfuscation of malware payloads and the generation of KQL queries, under the supervision of the core engineering team.

Skills & Requirements:

- Analytical Thinking: Strong ability to correlate complex security data, interpret HTTP status codes, and identify sophisticated attack patterns.
- AI Literacy: Expert understanding of LLM capabilities and advanced prompt engineering for generating KQL (Kusto Query Language) and forensic analysis.
- Technical Proficiency: Solid understanding of SOC workflows, NIST incident response phases, threat intelligence, and multi-source log analysis.
- Team Player: Excellent communication skills with high attention to detail and a proactive mindset for testing emerging AI security technologies.

● **SKILLS**

Ubuntu-Linux | Microsoft Office: Word, Excel, Powerpoint, Outlook, OneNote | Microsoft Azure | Cybersecurity | AI Azure | Packet Tracer Cisco & GNS3 | Angular | Web Frameworks: (.NET ,Laravel ,Django,Angular) | C# | Git | SQL | Python | CSS | HTML | JavaScript | Linux | JSON | communication | understand spoken English

● **LANGUAGE SKILLS**

Mother tongue(s): **ROMANIAN**

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	B2	B2	B2	B2	B2

● **DRIVING LICENCE**

Driving licence: B
